The Melting Pot

inspiration at work

We are right in the centre of Edinburgh, just behind Jenners, close to all major transport links, so getting to us couldn't be easier:

Local Buses Local bus routes will pass through the city centre and bring you within a few minutes' walk of our offices. To find the best route for you go to www.LothianBuses.com

National Buses The central bus station is located on the other side of St Andrew Square, a five minute walk away. See the map below for directions.

Train All trains into Edinburgh will stop at Waverley Station, also a five minute walk away. See the map below for directions.

Flight You can catch the Airbus directly outside the airport. This will bring you to Waverley Bridge which is a two minute walk from our building.

Car If you are only here for a couple of hours metered parking can be found at St Andrew Square. For longer term parking there is an NCP car park under the St James Shopping Centre. Blue badge spaces are located on the South side of St Andrew Square.

Bicycle There are bicycle racks directly outside our building in front of Sainsbury's. If they are all in use there are alternative racks beside St Andrew Square.

Accessibility

The Melting Pot is fully accessible with a portable infra-red hearing assistance system that can be set up in the room prior to your arrival. If you have access requirements you would like to make us aware of please email your event host via bookings@themeltingpotedinburgh.org.uk.

Catering

We support small local businesses rather than large corporations by choosing local suppliers with high ethical standards; people whose ingredients are organic, fair-trade or locally sourced. If you have a specific dietary requirement please contact your event organiser to ensure that we provide an option that will meet your needs.

Arrival

When you arrive you need to **buzz B3** to gain access through the security doors then take the lift or stairs to the **4th floor**. Both rooms have coat hooks and bag storage is available on request. Our bathrooms have a shower and baby changing facilities.
