

The British  
**Stammering**  
Association

# **Stammering Education & Awareness Open Day**

An estimated 5% of children and 1% of adults have a stammer. This open day is a chance for anyone with an interest in stammering to find out more from some expert speakers in their field.

**Come along and meet others who stammer, parents of stammering children, speech therapists and teachers in a friendly and welcoming atmosphere.**

**This is a free event. Refreshments and lunch will be provided.**
